

Specialized powder-coated steel suspension system that can be retracted around corners and other obstacles. The unique U-Bolt Roller attachments move smoothly over the round track, making removal and re-installation easy.

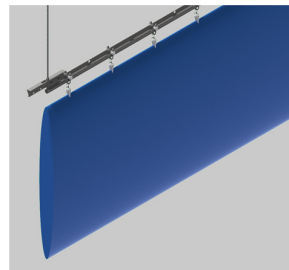

- The flexibility of the design allows for easy removal for cleaning
- Longer life expectancy with less fabric sagging and wrinkling compared to multiple row and horizontal suspension systems
- 8 ft (2.4m) long stock pieces
- Hangs from ceiling drops eliminating the need for anchor attachments at each end

1 Row Track | 100% Deflation

- Up to 30" diameters (up to 762mm)
- Fabric suspended at 12 o'clock
- Disruptive noise & fabric motion at start-up

Deflated

Inflated
